

# Manager – Finance, Ennovent Global

## Job Description

[www.ennovent.com](http://www.ennovent.com)

---

**The Manager – Finance is a results-driven, mid-level professional focused on ensuring the financial viability of global unit and designing financial systems for Ennovent.**

### Organization Profile

Ennovent is a global innovation company for low-income markets. We work with our clients, partners and community to jointly develop, fund and implement customised innovation solutions that create a sustainable impact and fair profits. These solutions discover, start-up, finance and scale the best business innovations for sustainability in developing countries. Since 2008, Ennovent has accelerated over 250 innovations in 15 countries through around 60 solutions.

As a young, evolving for-profit enterprise Ennovent's core strength is our team – a talented and self-motivated group of professionals with strong backgrounds in fields such as impact investment management, low-income markets, international development, business operations, entrepreneurship and the environment.

Ennovent operates as a completely virtual organisation with team members working exclusively from home-based environments around the world. Our culture is dynamic; we are highly responsive to new ideas and initiatives that could advance our organisational aspirations, while also fostering a positive impact on low-income markets in developing countries. We promote a sense innovation, business ethics and professionalism in all our operations.
